Scope of Work at Halle Oppin ff

The mentioned Scope of the Sation includes module exchange(s) on engines Safran Helicopter Engines Arriel 1 & 2 under the following conditions:

General:

- The engine will be installed after the module exchange(s) in the same helicopter from which it was removed

Personnel:

- Proof of training of the manufacturer that fully covers the intended work (Level IV training = specialized training)
This staff is approved to sign-off the performed work i.a.w. to his/her Company Authorization Document.

Rooms/Facilities:

- The work must be carried out exclusively inside the Hangar area or in designated and suitable workrooms.

Tooling:

- For the work which has to be conducted, the tool(s) (special Tool(s)) must be available onsite

Documentation:

- The necessary documentation (CMM) must be available on site in order to cover also any differences to the AMM.

Release to Service:

- The activities are released as part of the overall maintenance of the helicopter, this must include an Engine Power Check i.a.w. manufactures instructions.
